About This Game

And what do you know about the elements that surround us? Fire, water, air, earth? What about lightning? Perhaps there are others?

And what will happen if you find out that these elements are actually living beings? Would you like to meet girls - embodiments of elements?

You have a unique opportunity to get acquainted with what surrounds you every day.

The game is a classic puzzle. You have to go through all ten stages, as well as three levels of difficulty, in which pleasant surprises await you ;-)

This is a slider-puzzle game. There are ten stages at each level: easy (3 * 3), normal (4 * 4), and hard (5 * 5). As for the pictures, they are of anime-style girls. No real skin is shown... at least without the DLC. Thing is, the picture is the same for all three levels. The DLC levels are topless on easy, bottomless on normal, and without (most) clothing on hard.

Only because the price is so cheap is it... close to worth it.
